

Base Map (**Keep this Sheet**. Duplicate it and apply all further filters to answer questions)

I recommend specifically potentially exploring the use of applying filters on year, incident type, weather conditions, road conditions, time of day, type of collision, etc.

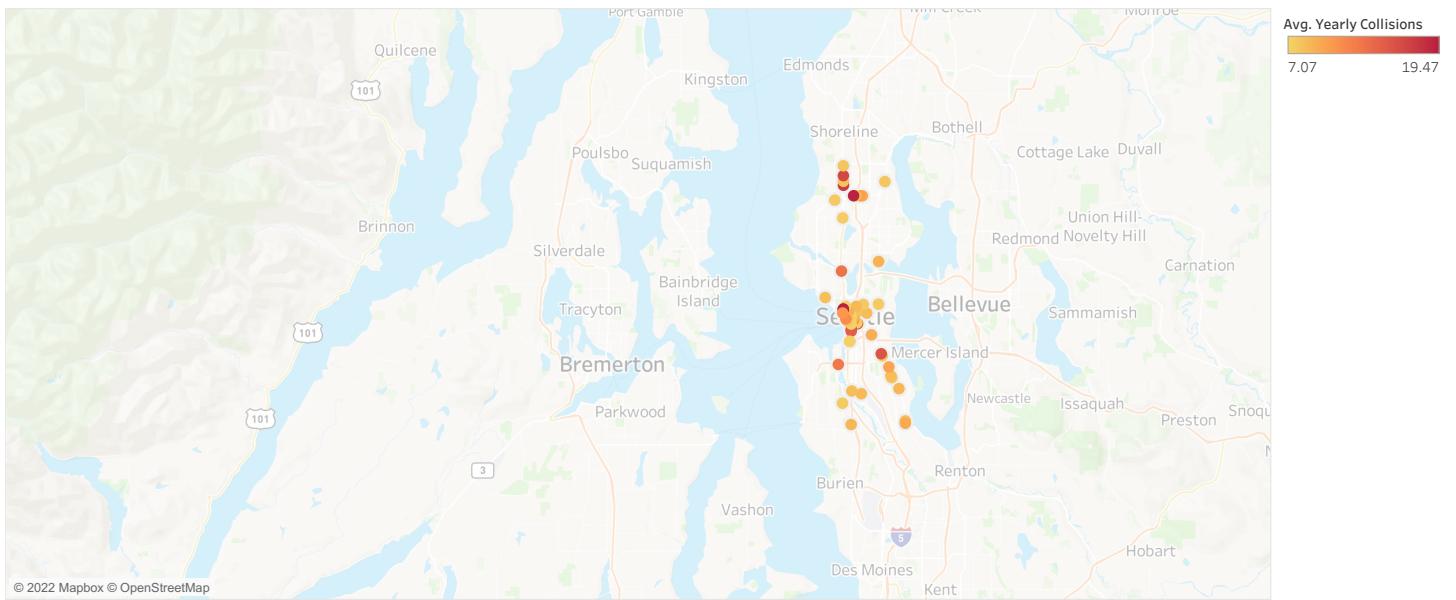

## Locations with at Least 7 Collisions per year

| Address                   | Persons Involved | Vehicles Involved | Avg. Yearly Collisions |
|---------------------------|------------------|-------------------|------------------------|
| BATTERY ST TUNNEL NB B..  | 481.0            | 368.0             | 19.47                  |
